DALLAS, TEXAS 75202-2733

May 25, 2012

**VIA FIRST CLASS MAIL**

Mr. C.C. "Bud" Grisham  
1 Meriwether Pond  
Harrison, AR 72602

RE: "Consent For Charles C. Grisham Jr. (Curt) to Communicate with the U.S. EPA,  
Region 6, Dallas Texas" (Consent Form)

Mr. Grisham:

Thank you for sending the "Consent Form" which ratifies the U.S. Environmental Protection Agency (EPA) decision to continue communicating with Mr. Curt Grisham concerning the pertinent issues involving the Arkwood, Inc. Superfund site. Mr. Curt Grisham has been very helpful to the Region as works through various issues concerning the Arkwood site. I am enclosing a copy of your "Consent Form" with an EPA receipt date stamp for your files.

As you are undoubtedly aware, the EPA is committed to meaningful public participation in the Superfund process. To achieve EPA's mission of protecting human health and the environment, the EPA must continue to provide for meaningful public involvement in its decision-making processes. Indeed, the information from the public - - interested individuals and organizations - - enhances the quality of EPA's decisions concerning a Superfund site.

The decision-making process in EPA's Superfund program requires input from all stakeholders, including but not limited to, the potentially responsible parties, State and Federal partners, and of course, the public. A spirit of mutual trust, confidence and openness is fostered when the EPA considers the concerns and preferences of the public. Open access to EPA by all stakeholders is one key to the EPA's achievement of its mission.

The EPA looks forward to continued access to Mr. Curt Grisham concerning the Arkwood site.

Sincerely,

A handwritten signature in blue ink that reads "Gloria Moran".

Gloria Moran  
Assistant Regional Counsel
